Silver

This group is comprised of competitive swimmers who look to build and improve their swimming abilities. Focus is on technique based training and aerobic development. Technical proficiency is a primary emphasis, with training demands set to prepare the athlete to execute races at the highest technical levels. Specifically, extensive focus will be given to educating the athletes of "how" elite level swimming is done. Additionally, athletes will learn and practice the basics of goal setting, nutrition, and mental skills.

Gold

This is our most advanced training group of the SOAR swim team. Strict qualifications are based on many factors including performance, attendance, time standards, training standards, age, and maturity. This group focuses on the training of National level meet performance. Focusing on maximizing aerobic base and develop anaerobic capabilities, fine tune technique and efficiency and speed, extensive goal setting, and introduction to college swimming and academic excellence.
